Calls to Telephone Company—Page 1

NORTHWESTERN BELL

TELEPHONE COMPANY

OUR POLICY

The policy of this organization, as a part of the Bell System, is to provide at all times the best possible telephone service at the lowest rates consistent with reasonable earnings and fair treatment of employees.

Operating under this policy, the management of the Company has a three-fold obligation as follows:

Our obligation to the public is to provide pleasing and constantly improved and broadened service, which is as free as possible from errors, imperfections and delays, and to furnish such service at the lowest practicable charges.

Our obligation to employees is to pay wages that are in all respects fair and just; to provide safe and agreeable working conditions, and to deal fairly and considerately with each individual and group.

Our obligation to investors is to provide every reasonable safeguard for the money thousands of men and women have invested in the business and to operate the property so that it will yield a fair return.

BUSINESS TRANSACTIONS WITH THE COMPANY

Business Office—510 5th Street. Hours—8 A.M. to 5 P.M. except Sundays and Holidays. At other times calls for the business office will be answered by a representative who will handle business requiring immediate attention and who will arrange for the handling of other business on the following business day.

Bills which are issued monthly cover local service charges for one month in advance from the date of the bill and long distance charges for one month preceding the date of the bill. They are due upon presentation. Payment may be made by mail or in person at the business office, or at the Coe Flower Shop, 2542 Lincoln Way.

Regulations and tariffs governing the furnishing of the various services by the telephone company are on file in the business office.

GENERAL INFORMATION

Service Can Be Suspended at a reduced rate and your number retained when you are to be away from your residence for an extended period. No charge is made to reconnect service.

Telegrams by Telephone— You may telephone telegrams, cablegrams and radiograms to the Western Union Telegraph Company and have the charges placed on your telephone bill. You may also telephone your telegrams from public coin box telephones and pay for the message as you would for a telephone call.

Telephone Directories— The telephone company issues directories to assist it in furnishing prompt and convenient service, but it does not guarantee correct listings therein. The telephone company shall not be liable for damages arising out of errors in or omissions from its directories. As a matter of good service, the telephone company retains ownership of telephone directories.

Telephone Attachments— Attachment of auxiliary apparatus to telephone instruments generally interferes with service. Therefore, we request you to refrain from attaching any devices, not supplied by the

Company, to the telephone instrument or other equipment. For the same reason, we also request that no advertising devices be attached. The telephone company reserves the right to remove all such apparatus and devices.

LONG DISTANCE CALLS

To Make a Station-to-Station Call — Give the "Long Distance" operator the name of the town and the telephone number or street address of the person you are calling. A station-to-station call is one on which you will talk with anyone available at the telephone called. Charges begin when the number called has been answered and are based on an initial period of three minutes, except to points for which the rate is 25 cents or less, where the initial period is five minutes. Station-to-Station calls cost less than Person-to-Person calls.

To Make a Person-to-Person Call — Give the operator the town, the name of the person you want, and his telephone number or street address. Charges begin when the calling person speaks to and receives a response from the called person and are based on an initial period of three minutes.

Reduced Rates are in effect between 6 P.M. and 4:30 A.M. each week day and at all hours on Sunday, on calls for distances of about 50 miles or more. The minimum reduced rate is 35 cents for Station-to-Station calls, and in general, 50 cents for Person-to-Person calls.

To Reverse the Charges notify the operator when you place the call. There is no extra cost, except on Station-to-Station calls of 20 cents or less for initial period which take a higher rate when sent collect. When placing a collect call, the operator will ask the person you are calling if he will pay the charges.

Long Distance Conference Service permits connection to your telephone line of persons in different cities so that each can talk with the others. Just call "Long Distance" and ask for the Conference Operator.

OUR POLICY

Overseas Calls— Information on telephone service to overseas points and the rates applicable may be obtained from the Long Distance operator. Some typical week-day rates for a three-minute call are: To Argentina, Australia, Denmark, the United Kingdom and the U.S.S.R., \$12; to Hawaii and Panama, \$9; to Bahamas, Puerto Rico and Bermuda, \$7.50. Reduced rates apply on calls to many countries during certain night hours and on Sunday.

We Believe In

AMES

Everyone recognizes the value of organized effort. The Ames Chamber of Commerce and the Ames Junior Chamber of Commerce represent organized effort in building the community, promoting civic projects, and making our city a finer place in which to live.

They are your organizations. Be a member and have a real active part in building your home, business, and community.

Club Rooms . Sheldon-Munn Hotel
Office 505 Kellogg

Ames Chamber of Commerce

Phone 30

Mr. Architect
Mr. Contractor

An important feature of modern homes is concealed telephone wiring with telephone outlets in rooms where portable telephones can be plugged in. The cost of installing concealed service entrance and wall conduit is low if included when the home is being built or remodeled.

We will be glad to help you plan for modern home telephone facilities. Just call 40 and ask for Architects' Builders' Service.

WHY CONDUIT IS NEEDED FOR TELEPHONE WIRES

Telephone entrance conduit improves the appearance of a home. Telephone conduit in walls provides for concealed wiring to telephone outlets in rooms where portable telephones can be plugged in.

Telephone service engineers will assist without charge in planning for telephone conduit and wiring. Just call 40 and ask for Architects' and Builders' Service.

Do You

KNOW? Other members of
 your household can be listed with
 your number in the telephone book.
 Helps their friends and business as-
 sociates to reach them by telephone.

Call the telephone business office
 for information.

**HANG UP
 Gently**

Thoughtless slamming
 of the receiver may seem an act
 of discourtesy to the person with
 whom you've been talking.

You don't mean it, of course,
 but it may leave the wrong im-
 pression.

Planning to Paint?

When you are planning to redecorate or modernize your home, remember to have a telephone service engineer assist you in rearranging your telephone service for maximum convenience. He can help you arrange for concealed wiring to telephone convenience outlets at the proper locations. Just call 40 and ask for Architects' and Builders' Service.

**NORTHWESTERN BELL
TELEPHONE COMPANY**

Do you answer your telephone promptly? Unless you do, the person calling may decide no one is there and hang up—and you will miss the call.

CALL 168

Mr. Home Builder

When you are planning your new home, you can be sure of getting the telephone arrangement you need if you let telephone service engineers assist you in planning for concealed service entrance and inside wiring with telephone outlets in rooms where portable telephones can be plugged in. There is no charge for this service. Just call 40 and ask for Architects' and Builders' Service.

GOOD NEIGHBORS

Party line service is better service when there is
equal sharing of the line, and thoughtful cooper-
ation of all users.

Good neighbors are considerate of others.
They don't monopolize the party line by talking
longer than necessary. They answer their calls
promptly and don't interrupt the calls of others.

 your telephone "off the hook." In
 that case, it is "busy" to every-
 one who tries to call. Please
 keep objects from under
 your telephone receiver.

Before You Insulate

If you plan to insulate your home, it's important to provide concealed wiring to telephone convenience outlets in outside walls before starting the job. After walls are insulated, it is difficult and sometimes impossible to conceal telephone wires. Just call and ask for Architects' and Builders' Service.

IOWA STATE COLLEGE

Telephone Directory

FROM AMES TELEPHONES CALL 2500

Emergency and Special Calls

FIRE (to report a fire) from 7:30 a. m. to 10 p. m. except Sundays 9 a. m. Dial "O"
(At all other hours dial "9" and call "Fire Department")

LONG DISTANCE—from 7:30 a. m. to 10 p. m. except Sundays 9 a. m. Dial "O"
(At all other hours dial "9" and ask for "Long Distance")

Use of the Dial Telephone

After obtaining the correct number from the directory, remove the receiver and listen for the dial tone. It is a steady humming sound which lets you know that the central office equipment is ready to receive your call.

How to Dial

Dial each figure of the number you are calling in the order shown in the telephone directory.

Take, for example, the dialing of telephone number 763. After hearing the dial tone, place the forefinger firmly in the dial opening through which the figure "7" is seen. Turn the dial around in a clockwise direction until your finger strikes the finger stop. Remove your finger and let the dial return to its normal position without forcing or retarding its movement. The remaining figures "6" and "3" may be dialed in a similar manner.

If you make a mistake while dialing, or if your finger slips from the dial before reaching the finger stop, hang up the receiver for a few seconds. Then remove it and, after hearing the dial tone, dial each figure of the number again.

Service Signals

Ringing Signal—This is a "burring" sound that will be heard at regular intervals which indicates that the bell of the called telephone is being rung.

Busy Signal—This is a "buzz-buzz-buzz" sound that will be heard when the line of the called telephone is in use.

Should you hear neither of these signals after dialing, dial "0" and tell the operator of the condition.

Calling From College Telephones

To Other College Telephones—To call another telephone connected with the college

telephone system, lift the receiver and upon hearing the dial tone, dial all three figures of the number in the order in which they appear in this section of the directory.

To Outside Telephones—To make a call to a telephone not connected with the college telephone system, lift the receiver from the hook and upon hearing the dial tone, dial the figure "9." Give the number of the telephone you wish to reach to the operator who answers.

Calls From Outside Telephones

To call a college telephone from telephones not connected with the college telephone system, telephones without dials, call 2500. Give the number of the college telephone you wish to reach to the college operator who will answer and handle your call. Numbers of college telephones are listed in the following pages.

Night Calls

The college switchboard is closed from 10 p. m. to 7:30 a. m., except Sundays 9 a. m.

During these hours see the instructions and night number list on page 12.

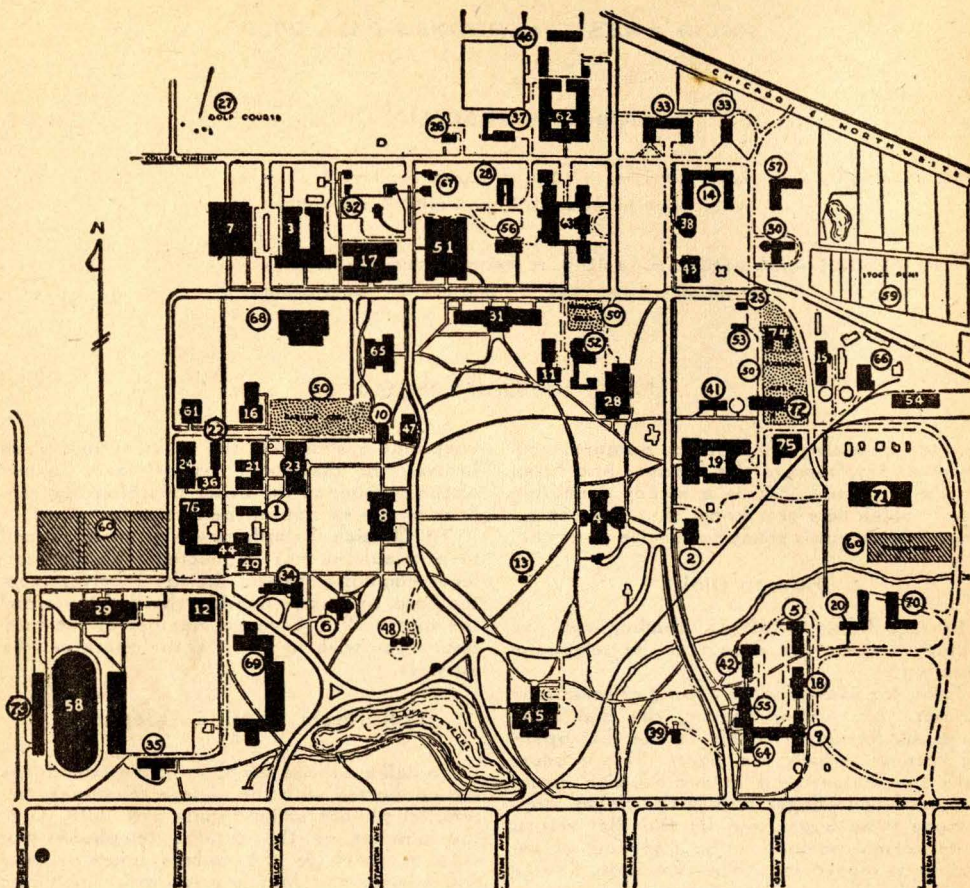

Non-Listed Numbers

College telephone numbers added or changes made too late to be included in this directory will be furnished by the college operator. She may be reached from college telephones by dialing "0" and from "outside" telephones by calling 2500.

Directory and Service Changes

All changes in telephone service or directory listings for college telephones should be handled through the Iowa State College Business Office.

IOWA STATE COLLEGE

Athletic Department

BASKETBALL SCHEDULE

1947-1948

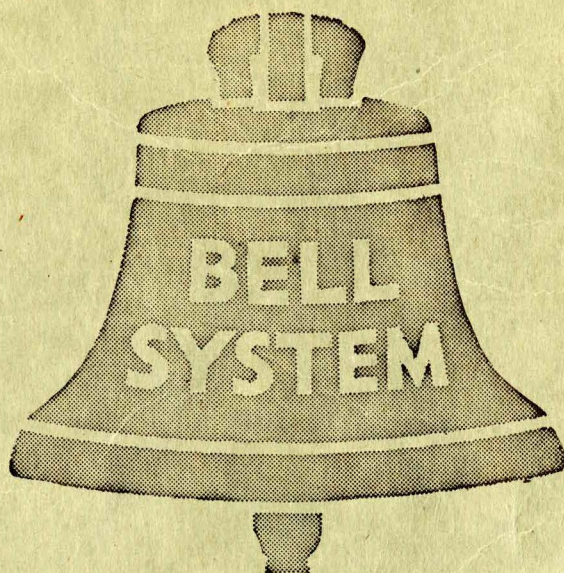

Dec. 8	Simpson at Ames
Dec. 13	Morningside at Ames
Dec. 18	Tournament at
19-20	Kansas City
Dec. 29	Michigan at Ames
Dec. 30	Michigan at Ames
Jan. 3	Drake at Des Moines
Jan. 6	Nebraska at Ames
Jan. 10	Missouri at Ames
Jan. 12	State Teachers at Cedar Falls
Jan. 17	Oklahoma at Norman

Jan. 19	Kansas State at Manhattan
Jan. 22	Drake at Ames
Jan. 31	Colorado at Boulder
Feb. 7	Colorado at Ames
Feb. 13	Kansas at Ames
Feb. 16	Missouri at Columbia
Feb. 21	Nebraska at Lincoln
Feb. 24	Kansas State at Ames
Feb. 28	Oklahoma at Ames
Mar. 12	Kansas at Lawrence

FOOTBALL SCHEDULE 1948

Sept. 25	Nebraska at Lincoln
Oct. 2	Kansas State at Manhattan
Oct. 9	Kansas at Ames
Oct. 16	Colorado at Ames
Oct. 23	Missouri at Columbia
Oct. 30	Oklahoma at Ames

WHAT IS IT ?

From time to time you hear of the Bell Telephone System—and perhaps you have wondered what it includes.

It is a group of telephone companies, with a centralized laboratory and a manufacturing and purchasing company, geared together to give a nation-wide telephone service.

The American Telephone and Telegraph Company is the parent company which together with our company and others furnishes nation-wide Long Distance as well as Overseas services and advises on problems common to all the companies. There are twenty-four principal subsidiary telephone companies which furnish service in their respective territories from Maine to California.

Outside the Bell System there are 6400 other telephone companies, and 60,000 rural lines and associations, which connect with the Bell Companies so that this country has a truly national service. Included in the Bell System are the Western Electric Company, which manufactures standard equipment and purchases supplies, and the Bell Telephone Laboratories, which carry on scientific and technical research for the improvement of the service.

But what we'd like you most to remember is that these companies are teams of people all working toward the common purpose of giving you the best possible telephone service at the lowest possible cost.

NORTHWESTERN BELL TELEPHONE COMPANY
